## **Good Testimonial For outstanding service and strategic Singapore Partner of FVFS- Friendly Vegetarian Food Supplier**

---

FVFS has engaged the services of Realtimme Accounting system since 2012. It was the first step to digitization of the Enterprise resource planning and accounting system. Since 2016, Realtimme has upgraded to the Cloud system. FVFS had also wanted to integrate our website, [www.friendlyvegetarian.com.sg](http://www.friendlyvegetarian.com.sg) to the cloud system.

Since 2017, we had been successful in launching and connecting our ecommerce system to the Realtimme cloud accounting system using API. The result is a seamless operation that saves time and increases efficiency.

We are glad that Realtimme is capable to support us in the changing business environment.

Yours faithfully,

*weipeng*
